

CDPA Final report to SSHRC

It was my pleasure this month to submit the final report of the Canadian Disability Policy Alliance's five-year funding cycle to the Social Sciences & Humanities Research Council, under the Community-University Research Alliance program. Attached please find page 3 of the final report, where I attempt to summarize the many achievements of the Alliance – six years' work in 1 page – no small task! Also included is a [complete list](#) of the CDPA's knowledge products. Our website is currently being updated to serve as an archive of the work of the Alliance, and to chronicle our current work with the Canadian Disability Participation Project. We will send out another notice when the updated website is ready for viewing. Thank you for your on-going interest in our work.
